New Sermon Series

The Temple structure was the central point of God's presence among His people. However, the Temple of God is more than a building made by man. Join us during the month of October to find out more about the Temple of God.

Dear Langley family,
Dawn, Dena, and I have loved every moment of our time together with you from September 2011 through today. The Lord has richly blessed our time together, and we look forward to staying in touch from Covington VA. The Lord has called Andy to serve at Faith Baptist Church as their Associate Pastor, Director of Christian Education.

<< Prov. 3:5-6 >>
